HUGHES MAY VOTE \$30,000 FOR ROADS

COUNTY COURT SETS MARCH 30 FOR DECIDING PLAN.

MANY OF SOUTHWEST TOWNSHIP FAVOR IT

Proposed Bridge Bonds Would Be Payable in 15 Installments—Three Others Make Move.

Hughes township will vote on March 30, the same day as the township election is held there, on the proposition to issue \$30,000 bonds for bridge and road purposes. The county court in session today selected this date, a petition having been presented to them requesting such an election. The petition was signed by the required number of taxpayers of that township.

The court selected Clarence R. Leeper, Dwight Davis and Charles Groves as judges of the election and Will B. Gex and August Neuffer as clerks. The polling place will be in Graham, at the same place as the township election, which will be held that day.

The bonds are to bear not to exceed 6 per cent interest, and to be paid off in fifteen annual installments, the first of which shall become due not later than two years after date of bonds.

If Hughes should be successful in this proposition it will make the fourth township in the county that has bond issues for road and bridge purposes. The other three are Polk, Union and Lincoln townships. Polk voted \$50,000, while Union and Lincoln voted for \$25,000.

The Hughes township petition requesting the court to call an election was signed by Clarence R. Leeper, J. A. Gex, C. C. Trapp, T. N. Danes, W. E. Freytag, James Lyle, J. W. Kennedy, Otto Blake, W. SUES FOR UNPAID INTEREST.

Frank L. Hart Sues James Anderson or W. E. Hawk Must Pay \$123 on \$700 Note.

A suit to collect unpaid interest of \$124.43 on a promissory note for \$700 given April 3, 1910, by James Anderson and William E. Hawk, was filed in circuit court late yesterday afternoon by Frank L. Hart. He says Anderson paid \$400 at one time and \$300 at another, but that none of the interest has ever been paid. He asks 8 per cent interest.

FEW FOR CITY JOBS

CANDIDATES FOR COUNCIL AND COLLECTOR IN "BRUSH."

CHOOSE EDUCATORS TOO

Elect Two for School Board, County Superintendent, 4 Aldermen and Municipal Tax Garnerer.

With the city election a month off, there seems to be a lack of candidates and apparently no interest is being taken at this time. While it may be due to the fact that it is a few weeks off yet, it is thought that there will be only one ticket in the field and that the only contested race will be that for city collector.

The election is to be held on Tuesday, April 6, and an alderman from each of the four wards and a city collector will be selected.

At the same time the school election will be held, at which time two members of the school board will be chosen and also the usual school levy will be voted upon. The members of the school board whose terms will expire are L. C. Cook and Dr. Jesse Miller. The usual school levy will also be voted on. It is six mills on the dollar in addition to four mills authorized by law.

For city collector to fill out the unexpired term of S. G. Sealeman, whose death occurred a few months ago, W. A. Townsend, formerly court house janitor, will be a candidate. There will also be other candidates who will probably announce after the township conventions which are to be held Saturday, March 20.

Fail in One, May Try Again.

It is said that some of those who are now candidates for township collector, if they are unsuccessful, will enter the contest for city collector. The collector now is Mrs. S. G. Sealeman, who was appointed by Mayor U. S. Wright after the death of her husband for a term up to the time of city election. Whoever is elected at this election for collector will hold office for only one year.

The members of the city council whose terms expire this spring are Mose Hahn, first ward; J. D. Ford, second ward; John Gray, third ward; Louis Gram, fourth ward. Hahn and (Continued on page 2.)

BAPTISTS TO FEAST

MEN'S CLUB OBSERVES SECOND BIRTHDAY TOMORROW NIGHT.

PLAN MUSIC AND TALKS

Dr. D. J. Evans, William Jewel, Will Again Make Principal Address on "A Man and His Religion."

Approximately 200 men will sit down to feast on mental and physical food at the second anniversary of the Men's club of the First Baptist church at 7 o'clock tomorrow night in the church basement. Already 180 tickets have been sold and at least twenty more will be distributed today and tomorrow. The principal speaker will be, as last year, Dr. D. J. Evans, dean of the theological department of William Jewell college at Liberty.

DR. D. J. EVANS.

He will speak on "A Man and His Religion." Dr. Evans is a forceful speaker, as was shown at his address here last year, and he always has a complete stock of material on which to draw in his talks. W. M. Westbrook will be toastmaster for the banquet, while H. W. Hull will deliver the invocation.

Music is Included.

"What Being a Christian Means to an Outsider," by Fred Hull, will precede Dr. Evans' address. The benediction will be pronounced by the Rev. Lewis M. Hale, pastor.

Several musical numbers will be given during the banquet by the Baptist church orchestra.

The menu is:

Cream Tomato Soup.
Pickles. Waldorf Salad.
Chicken with dressing with pan gravy.
Cranberry Jelly.
Creamed Potatoes. Peas
Hot Biscuits and Butter.
Cake and Ice Cream.
Coffee.

The arrangements for the banquet are in charge of the following committees:

Program—R. B. Montgomery, Dr. Karl Malotte and Isaac Tebow.
Sale of tickets—R. E. Jones, W. A. Burris, Frank Reynolds, James Smith and B. W. Lemon.

General management—D. E. McDonald, E. L. Andrews and W. B. Blackley.

THE WEATHER

WAS A GOOD YEAR

PEOPLE'S PHONE UNION MAKES \$1,440 LAST PERIOD.

MEET HERE SATURDAY

Annual Election of Officers of County Telephone System is Called—President Directorate to Retire.

Despite the \$200 loss suffered recently by the snowstorm and wind, which blew down poles and snapped wires throughout the county, the People's Telephone Union will be enabled to report a net earning of approximately \$1,500 the past year when the annual meeting is held here Saturday, W. O. Garrett, president, announces. This, it is said, will be the best showing the system has made in any one year since its formation.

"When the present directorate took charge a year ago," said Mr. Garrett, "there was a debit of \$640 against the union, while today, I can safely say, the union can show a balance of about \$800, despite the loss through floods last fall and the storms this winter."

Have 6,000 Subscribers.

"The union now has telephones installed in about 750 homes within this city and community, while the numerous other auxiliary lines over the county would bring the total number of subscribers to approximately 6,000."

No member of the present directorate is an applicant for the position again, Mr. Garrett said this morning. The task is an arduous one with little remuneration. Each of the three officers receive but \$50 annually. The present directorate consists of W. O. Garrett, president; A. H. Hughes, secretary; Alfred Shackelford, treasurer. Mr. Shackelford is preparing to move to Tarkio, which would eliminate him from re-election, while Mr. Garrett and Mr. Hughes wish to retire.

Each Line Has a Voice.

The annual meeting will be held in the circuit court room of the court house, beginning at 1 o'clock Saturday afternoon. The attendance will probably be reduced on account of the weather and roads, but a majority of the delegates are expected to attend. Each ward in Maryville has a delegate, while every line over the county also is entitled to send one representative. This would make a maximum attendance of about seventy, Mr. Garrett announced.

Besides the election of officers, other business pertaining to the future needs of the union and its extension and development will probably be discussed and action probably taken. One proposition to form a more closely co-operative union of the various town exchanges will perhaps be threshed out at that time.

SUBMITS PAVING SAMPLES.

City Engineer Secures Specimens of Asphaltic Concrete—May Use It Here.

Specimens of asphaltic concrete as taken from the street and before being prepared, were received yesterday by City Engineer F. L. Flynt, for the accommodation of property owners here who might favor paving this spring with material other than brick, as always has been used in Maryville. This form of paving is much in use now, it is said.

It consists of .08 per cent of asphalt to .32 per cent of crushed rock, siftings and sand. When hardened it presents a more firm surface than pure asphalt pavement, yet softer and less noisy than brick.

J. C. Hall of the Barrett Manufacturing company of Kansas City, also was in Maryville yesterday to see about paving here this spring.

SPEED TYPIST IS HERE.

J. L. Hoyt, Kansas City, Shows Students Rapid Work—Writes 140 Words a Minute.

J. L. Hoyt of Kansas City gave a demonstration of rapid typewriting at the State Normal school at 10 o'clock this morning and at the Maryville Business college at 11 o'clock this morning. He is trying for the world's championship.

Mr. Hoyt is said to have a record of 140 words a minute, for one single minute, or 126 words a minute during one hour's work. He is demonstrating the Underwood make machine.

BREAD RIOTS IN PORTUGAL

Increased Prices Result in Violent Clashes Between Workmen and Police—Many Injured.

By American Press.

Lisbon, Portugal, March 10.—The increased price of bread was responsible yesterday for violent clashes between the police and workmen in the naval arsenal here. The police were compelled to use weapons freely, and many persons were injured before the disturbance was quelled.

DRUGSTORE BURNS

BUILDING AND STOCK AT BURLINGTON JUNCTION DESTROYED.

DEFECTIVE FLUE, CAUSE

Dr. W. E. Wallace and Frank Compton Losers—Volunteer Fire Department Does Good Work.

The building occupied by the W. E. Wallace Drug company of Burlington Junction, and practically all of the stock of drugs and merchandise, was burned about 10:30 o'clock last night.

The store had been closed for the night and no one had been about the place for a couple of hours. The fire, which is supposed to have started from a defective stove, was noticed by John Rhodes, who was passing the store. It had gained considerably in volume by that time and only the most active work on the part of the volunteer firemen saved the adjoining buildings. The town has no water system, but the efficient work of the crowd resulted in saving a part of the drug stock and kept the fire from spreading to the buildings on each side, one of which is occupied by the Zarn Mercantile company, and the other by the offices of Dr. C. E. Cossins.

The building burned was a one-story frame structure and was owned by Frank Compton of this city. The building was worth about \$1,200, which was covered by insurance.

Dr. Wallace, who owned the stock and fixtures, carried an insurance of \$2,000 on his property and the loss will considerably exceed this amount.

TO REBUILD AT WARRENSBURG.

Senate Appropriated \$265,000 in Few Minutes for New Normal.

The senate committee on appropriations in the state legislature voted to recommend an appropriation of ¼ million dollars for a new building for the normal school at Warrensburg, \$10,000 for laboratory supplies and \$5,000 for the library.

The school has \$68,000 in insurance with which it will erect a smaller training school building.

The house committee on appropriations will pare the senate estimates some it is believed.

WARN AMERICANS TO QUIT MEXICO

MANY RESIDENTS LEAVING, FOLLOWING NEW TUFF.

Government Prepares to Transport Citizens Back Home—Reply On Way—Officials Are Optimistic.

Special to the Democrat-Forum.

Vera Cruz, March 10.—General Carranza's reply to the note of warning issued to him by the United States government was delivered today to the American consul, John R. Silliman, here this morning, it is said, and will be forwarded to Washington as quickly as possible.

While General Carranza is reported to have resented the note sent to him by the United States, it is said the reply is rather friendly, or at least gives promise that the situation in Mexico will be improved.

By American Press.

Washington, March 10.—General Venustiano Carranza's reply to the American note demanding an improvement in the intolerable conditions for foreigners in the territory under his control is being awaited momentarily today by President Wilson. A feeling of confidence pervaded official and diplomatic circles here, however, today, that such drastic measures as the use of force would not be necessary to settle and the new Mexican troubles.

Battleships On Way.

General Carranza, it is believed, will heed the American demands and correct the situation. Many Americans, however, are leaving Mexico City, following the warning by the United States government to leave that country or remain at their peril. Other Americans are making preparations for an early departure.

The government, through the state department, is arranging for the transportation of the American residents there to this country.

In the meantime the battleship Georgia and the armored cruiser Washington have been ordered by Secretary of Navy Daniels to proceed at once to Vera Cruz.

ITALY TO AID OF ALLIES?

Warships Bound for Dardanelles, Reported—Destroy Turkish Batteries—Two Towns Burn.

By American Press.

Geneva, March 10.—The Tribune here says that it has learned from Vienna that several Italian warships have put to sea, probably bound for the Dardanelles. This is taken as an indication that the Latin country is preparing to take the side of the allies in the war. Others believe the ships may be sent to assist the triple alliance.

By American Press.

Paris, March 10.—The allied fleet has silenced the Turkish batteries on the heights of Renkul. Two villages on the Dardanelles have been burned and the bombardment of more forts that line the Turkish straits continues without abatement.

Gram are talked of for re-election. Roy Martin is being mentioned as a candidate for alderman from the fourth ward.

May Choose Candidates in Mass.
The manner of selecting the candidates will probably be to hold a non-partisan mass meeting a few days before the election, when a candidate for city collector will be nominated. Then the various ward meetings will be held to select their council candidate.

At this election a county superintendent of schools will be selected. There are now two candidates, Prof. Bert Cooper, who was appointed by Governor Major to fill out the unexpired term of Prof. W. M. Oakerson, and John J. Davis. It is likely that others will enter the race. This election will be held on that day throughout Nodaway county.

FIGHTING IN EAST AND WEST INDECISIVE

Battles Continue Without Much Advantage to Either Side.

London, March 10.—In the east and the west fighting between the Germans and the allies continues, but without making the situation much clearer. The Russians claim to have inflicted another defeat on the Germans in the region of Augustowa, in north Poland, a short distance from the East Prussian frontier, which threatens to break the communication between the Germans near the lower Niemen and those before Ossowetz.

In central Poland, the battle which had promised to develop on the Pilica river seems to have died down, owing as Petrograd puts it, to the Russians being too strong for the Germans, who were forced to abandon their offensive and fall back under a Russian counter attack.

Things seemingly have changed only little in the Carpathians, although the Russians, according to their reports, apparently have improved their position on the Hungarian side of the Dukla pass. Petrograd asserts that the Austrians have been defeated near Svindnik, which is on the Ondawa river, a considerable distance inside Hungarian territory. The Austrians, however, are still attacking the Russians south of Bollgrad.

The Vosges mountains, the Champagne district and the Arzonne region continue to be the scenes of hard fighting, but apparently neither side has gained any very distinct advantage.

MAY SEIZE ALL FACTORIES

British War Office Given Authority to Take Them Over.

London, March 10.—A drastic amendment to the defense of the realm act, unexpectedly presented to the house of commons by Chancellor of the Exchequer Lloyd George, passed all its stages. The chancellor proposed that the government be empowered to commandeer all factories required for war purposes.

Up to the present firms and factories already producing war materials could be taken under government control. The amending bill of the chancellor extends this power to cover all other concerns which the government may wish to utilize for this purpose.

Mr. Lloyd George held particular emphasis upon his statement that not only the duration, but the success of the war depended upon the output of munitions.

NORMAL BOOSTER IS HERE

A. N. Lindsay, Civic Club Leader, Con-
fers With School Head Prior to
Visitation.

A. N. Lindsay of Clinton, secretary of the Federation of Commercial Clubs of Missouri, who is to conduct a publicity campaign for the State Normal school during the coming three months, arrived in Maryville today and was present at the school this morning.

Mr. Lindsay conducted the devotional exercises of the assembly hour, and afterward addressed the faculty and student body. Mr. Lindsay, who has appeared before the Normal students on several previous occasions, was given a hearty cheer when President Richardson announced that he was to be a part of the Normal school for the next few months.

Among the many good things which Mr. Lindsay brought to the students this morning was his definition of true education.

"True education," said Mr. Lindsay, "is to think the thoughts you ought to think, when you ought to think them, whether you want to think them or not."

The speaker went on to say that this rule, followed effectively, resulted in attentive control, and that attentive control was the keynote to efficient living.

In closing, Mr. Lindsay said: "Always keep your mind above the cloud line," which, he went on to explain, meant that people are largely as they think, and that if, by attentive control, a person is able to control his or her thoughts, the most efficient life could be lived.

Mr. Lindsay will remain at the Normal for the remainder of the week in conference with President Richardson, after which he will begin his work in the Normal school district.

SUBMARINES SINK THREE SHIPS

Germans Send Trio of British Merchantmen to Bottom.

NO WARNING GIVEN THE CREWS

Thirty-seven of Tangistan Lost in North Sea, While Blackwood and Princess Victoria Also Victims Off Liverpool and Hastings.

WAR SUMMARY

Desperate fighting is going on between the Germans and the Russians in northern Poland between the Niemen and Vistula rivers and near the town of Augustow, almost on the East Prussian frontier, with the advantage, according to Petrograd, in favor of the Muscovites. Farther south, on the left bank of the Vistula and in the Carpathians, engagements continue.

The French report that the allies have met with successes in the capture of trenches and the repulse of attacks in the Champagne and Argonne regions.

The bombardment of the Dardanelles fortifications by the allied warships is still going on.

King Constantine has accepted the new Greek cabinet formed by M. Gounaris, which Gounaris will head as premier and minister of war. It has been stated that Gounaris' policy will be neutral.

London, March 10.—German submarines made their presence known at three widely separated points on the British coast and, it is stated officially, without giving warning to their crews, sank three British merchant steamers.

In one case, that of the steamer Tangistan, which was torpedoed off Scarborough, in the North sea, thirty-seven men of the crew of thirty-eight are missing. Only one man from the vessel was picked up, he by a passing ship. The attack which sent the Tangistan to the bottom was made half an hour after midnight.

At 6 o'clock in the morning another submarine sank the steamer Blackwood off Hastings, in the English channel, while a third submarine sank the steamer Princess Victoria off Liverpool at a quarter past 9 o'clock.

The news of the latest exploits of the German submarines came just as the British public was congratulating itself that the threatened German sea blockade had been a failure.

U-16 SINKS FIVE VESSELS

Gottberg Tells of Cruise of German Submarine.

London, March 10.—A dispatch from Amsterdam says:

"German submarine U-16 was responsible for the sinking of five of the allied steamers which have been destroyed since the commencement of the submarine blockade, according to Otto von Gottberg, who gives in a Berlin newspaper an account of the cruise of the U-16.

"Soon after its departure from Kiel, according to Von Gottberg, the U-16 encountered a British cruiser and a torpedo boat destroyer, but the torpedoes which the submarine fired missed them. It next sighted the steamer Laertes, which out-steamed it.

"The submarine's first victim was the British steamer Dulwich, the crew of which it allowed to get away in its boats. The second was the French steamer Ville de Lille and the third the French steamer Dinorah, all of which have been reported in the British official accounts as having been sunk.

"Von Gottberg does not give the names of the other two steamers which he claims Commander Hansen sank, but declares that during the cruise one French steamer was not molested, as it had women and children on board."

Planes Shell Submarines' Base.

London, March 10.—The admiralty issued the following statement:

"Wing Commander Longmore reports that an air attack on Ostend was carried out by six aeroplanes of the naval wing. Of these two had to return, owing to their petrol freezing. The remainder reached Ostend and dropped eleven bombs on the submarine repair base and four bombs on the headquarters of the military. All the machines and pilots returned. It is probable that considerable damage was done."

Zaimis Declines to Form Ministry.

London, March 10.—A dispatch from Athens says that M. Zaimis has declined to form a cabinet to succeed that of M. Venizelos, and that King Constantine will summon M. Gounaris, deputy for Patras, for the task.

Negotiations Opened.

Berlin, March 10.—The Berlin newspapers report that negotiations between Austria-Hungary and Italy have been opened and there are good prospects of an agreement being arrived at.

Russ Take Many Turkish Prisoners.

London, March 10.—Since the beginning of the war with Turkey, says a Petrograd dispatch, the Russians have captured four Turkish pashas, 387 officers and 17,675 soldiers.

FOOTPRINTS MAY CONVICT MRS. ANGLE
Impressions of Her Feet Are Placed in Evidence.

Bridgeport, Conn., March 10.—Impressions of both feet of Mrs. Helen M. Angle, taken on July 1, 1914, at police headquarters in Stamford, were put in as evidence by the state, which is trying her for manslaughter in connection with the death of Waldo R. Ballou. It is the intention of the prosecution, according to State's Attorney Cummings, to show that the bloody foot prints found in the lower hallway and Mrs. Angle's rooms on the third floor of the Rippawam building, correspond with the impressions of the defendant's feet and that the bloody footprints were made by Mrs. Angle.

GOULD IS ELIMINATED

Bush Re-elected President of Combined Missouri Pacific System.

St. Louis, March 10.—B. F. Bush of St. Louis was elected chairman of the board of directors of the Missouri Pacific and of the St. Louis, Iron Mountain and Southern railways, and also chairman of the executive committees of both roads.

In these offices he replaces George J. Gould, who was eliminated from official relationship to the Missouri Pacific-Iron Mountain system at the annual meeting of the roads.

Mr. Bush was re-elected president of the combined system. The changes made were considered as definite in making the transfer of the control of the so called Gould system from New York to St. Louis. Two vice presidents in St. Louis in active management of the road were re-elected.

WESTERN RATES LOWER

Boyd Says Freight Charges Are Below Those in Eastern Territory.

Chicago, March 10.—F. B. Boyd, chairman of the western trunk lines committee, testified as a grain expert at the interstate commerce commission hearing, that the forty-one western railroads, which are asking for freight rate increases, are now required to carry grain and grain products between certain western points at rates much lower than the rate prevailing in eastern territory. To equalize the rates Mr. Boyd urged increases asked for by the railroads.

Sell Their Votes For Price of Meal.

Chicago, March 10.—Testimony before the grand jury that votes had been bought in the recent primary for 25 cents to 50 cents and in some cases for a breakfast or a night's lodging, resulted in the indictment of four Democratic workers in the First ward.

TURKS MAY MASSACRE CHRISTIANS AND JEWS

New York, March 10.—Keen apprehension for the fate of Christians and Jews in Turkey and fear that there will be a massacre in Jerusalem should the allied fleet force the Dardanelles who arrived here from Palestine was expressed by five mistine aboard the Carpathian. The five were among the thousands of refugees who fled from Jerusalem and were taken from Jaffa to Alexandria by relief ships.

"There exists in Jerusalem a very strong feeling against Jews," said the spokesman of the missionaries. "If the allied fleet forces the Dardanelles there probably will be a massacre of Christians and Jews at Jerusalem and it neighboring small villages. The clamor for infidel blood will be too strong for the authorities."

HUGHES MAY VOTE \$30,000 FOR ROADS

COUNTY COURT SETS MARCH 30 FOR DECIDING PLAN.

MANY OF SOUTHWEST TOWNSHIP FAVOR IT

Proposed Bridge Bonds Would Be Payable in 15 Installments—Three Others Make Move.

Hughes township will vote on March 30, the same day as the township election is held there, on the proposition to issue \$30,000 bonds for bridge and road purposes. The county court in session today selected this date, a petition having been presented to them requesting such an election. The petition was signed by the required number of taxpayers of that township.

The court selected Clarence R. Leeper, Dwight Davis and Charles Groves as judges of the election and Will B. Gex and August Neuffer as clerks. The polling place will be in Graham, at the same place as the township election, which will be held that day.

The bonds are to bear not to exceed 6 per cent interest, and to be paid off in fifteen annual installments, the first of which shall become due not later than two years after date of bonds.

If Hughes should be successful in this proposition it will make the fourth township in the county that has bond issues for road and bridge purposes. The other three are Polk, Union and Lincoln townships. Polk voted \$50,000, while Union and Lincoln voted for \$25,000.

The Hughes township petition requesting the court to call an election was signed by Clarence R. Leeper, J. A. Gex, C. C. Trapp, T. N. Danes, W. E. Freytag, James Lyle, J. W. Kennedy, Otto Blake, W. SUES FOR UNPAID INTEREST.

Frank L. Hart Says James Anderson or W. E. Hawk Must Pay \$123 on \$700 Note.

A suit to collect unpaid interest of \$124.43 on a promissory note for \$700 given April 3, 1910, by James Anderson and William E. Hawk, was filed in circuit court late yesterday afternoon by Frank L. Hart. He says Anderson paid \$400 at one time and \$300 at another, but that none of the interest has ever been paid. He asks 8 per cent interest.

FEW FOR CITY JOBS

CANDIDATES FOR COUNCIL AND COLLECTOR IN "BRUSH."

CHOOSE EDUCATORS TOO

Elect Two for School Board, County Superintendent, 4 Aldermen and Municipal Tax Garnerer.

With the city election a month off, there seems to be a lack of candidates and apparently no interest is being taken at this time. While it may be due to the fact that it is a few weeks off yet, it is thought that there will be only one ticket in the field and that the only contested race will be that for city collector.

The election is to be held on Tuesday, April 6, and an alderman from each of the four wards and a city collector will be selected.

At the same time the school election will be held, at which time two members of the school board will be chosen and also the usual school levy will be voted upon. The members of the school board whose terms will expire are L. C. Cook and Dr. Jesse Miller. The usual school levy will also be voted on. It is six mills on the dollar in addition to four mills authorized by law.

For city collector to fill out the unexpired term of S. G. Selecman, whose death occurred a few months ago, W. A. Townsend, formerly court house janitor, will be a candidate. There will also be other candidates who will probably announce after the township conventions which are to be held Saturday, March 20.

Fail in One, May Try Again.

It is said that some of those who are now candidates for township collector, if they are unsuccessful, will enter the contest for city collector. The collector now is Mrs. S. G. Selecman, who was appointed by Mayor U. S. Wright after the death of her husband for a term up to the time of city election. Whoever is elected at this election for collector will hold office for only one year.

The members of the city council whose terms expire this spring are Mose Hahn, first ward; J. D. Ford, second ward; John Gray, third ward; Louis Gram, fourth ward. Hahn and

Dr. D. J. Evans, William Jewel, Will Again Make Principal Address on "A Man and His Religion."

Approximately 200 men will sit down to feast on mental and physical food at the second anniversary of the Men's club of the First Baptist church at 7 o'clock tomorrow night in the church basement. Already 180 tickets have been sold and at least twenty more will be distributed today and tomorrow. The principal speaker will be, as last year, Dr. D. J. Evans, dean of the theological department of William Jewell college at Liberty.

DR. D. J. EVANS.

He will speak on "A Man and His Religion." Dr. Evans is a forceful speaker, as was shown at his address here last year, and he always has a complete stock of material on which to draw in his talks. W. M. Westbrook will be toastmaster for the banquet, while H. W. Hull will deliver the invocation.

Music is Included.

"What Being a Christian Means to an Outsider," by Fred Hull, will precede Dr. Evans' address. The benediction will be pronounced by the Rev. Lewis M. Hale, pastor.

Several musical numbers will be given during the banquet by the Baptist church orchestra.

The menu is:
Cream Tomato Soup.
Pickles. Waldorf Salad.
Chicken with dressing with pan gravy.

THE WEATHER

WAS A GOOD YEAR

PEOPLE'S PHONE UNION MAKES \$1,440 LAST PERIOD.

MEET HERE SATURDAY

Annual Election of Officers of County Telephone System is Called—Present Directorate to Retire.

Despite the \$200 loss suffered recently by the snowstorm and wind, which blew down poles and snapped wires throughout the county, the People's Telephone Union will be enabled to report a net earning of approximately \$1,500 the past year when the annual meeting is held here Saturday, W. O. Garrett, president, announces. This, it is said, will be the best showing the system has made in any one year since its formation.

"When the present directorate took charge a year ago," said Mr. Garrett, "there was a debit of \$640 against the union, while today, I can safely say, the union can show a balance of about \$800, despite the loss through floods last fall and the storms this winter."

Have 6,000 Subscribers.

"The union now has telephones installed in about 750 homes within this city and community, while the numerous other auxiliary lines over the county would bring the total number of subscribers to approximately 6,000. No member of the present directorate is an applicant for the position again, Mr. Garrett said this morning. The task is an arduous one with little remuneration. Each of the three officers receive but \$50 annually. The present directorate consists of W. O. Garrett, president; A. H. Hughes, secretary; Alfred Shackelford, treasurer. Mr. Shackelford is preparing to move to Tarkio, which would eliminate him from re-election, while Mr. Garrett and Mr. Hughes wish to retire.

Each Line Has a Voice.

The annual meeting will be held in the circuit court room of the court house, beginning at 1 o'clock Saturday afternoon. The attendance will probably be reduced on account of the weather and roads, but a majority of the delegates are expected to attend. Each ward in Maryville has a delegate, while every line over the county also is entitled to send one representative. This would make a maximum attendance of about seventy, Mr. Garrett announced.

Besides the election of officers, other business pertaining to the future needs of the union and its extension and development will probably be discussed and action probably taken. One proposition to form a more closely co-operative union of the various town exchanges will perhaps be threshed out at that time.

SUBMITS PAVING SAMPLES.

City Engineer Secures Specimens of Asphaltic Concrete—May Use It Here.

Specimens of asphaltic concrete as taken from the street and before being prepared, were received yesterday by City Engineer F. L. Flynt, for the accommodation of property owners here who might favor paving this spring with material other than brick, as always has been used in Maryville. This form of paving is much in use now, it is said.

It consists of .08 per cent of asphalt to .92 per cent of crushed rock, siftings and sand. When hardened it presents a more firm surface than pure asphalt pavement, yet softer and less noisy than brick.

J. C. Hall of the Barrett Manufacturing company of Kansas City, also was in Maryville yesterday to see about paving here this spring.

SPEED TYPIST IS HERE.

J. L. Hoyt, Kansas City, Shows Students Rapid Work—Writes 140 Words a Minute.

J. L. Hoyt of Kansas City gave a demonstration of rapid typewriting at the State Normal school at 10 o'clock this morning and at the Maryville Business college at 11 o'clock this morning. He is trying for the world's championship.

Mr. Hoyt is said to have a record of 140 words a minute, for one single minute, or 120 words a minute during one hour's work. He is demonstrating the Underwood make machine.

BREAD RIOTS IN PORTUGAL

Increased Prices Result in Violent Clashes Between Workmen and Police—Many Injured.

By American Press.
Lisbon, Portugal, March 10.—The increased price of bread was responsible yesterday for violent clashes between the police and workmen in the naval arsenal here. The police were compelled to use weapons freely, and many persons were injured before the disturbance was quelled.

DRUGSTORE BURNS

BUILDING AND STOCK AT BURLINGTON JUNCTION DESTROYED.

DEFECTIVE FLUE, CAUSE

Dr. W. E. Wallace and Frank Compton Losers—Volunteer Fire Department Does Good Work.

The building occupied by the W. E. Wallace Drug company of Burlington Junction, and practically all of the stock of drugs and merchandise, was burned about 10:30 o'clock last night.

The store had been closed for the night and no one had been about the place for a couple of hours. The fire, which is supposed to have started from a defective stove, was noticed by John Rhodes, who was passing the store. It had gained considerably in volume by that time and only the most active work on the part of the volunteer firemen saved the adjoining buildings. The town has no water system, but the efficient work of the crowd resulted in saving a part of the drug stock and kept the fire from spreading to the buildings on each side, one of which is occupied by the Zarn Mercantile company, and the other by the offices of Dr. C. E. Cossins.

The building burned was a one-story frame structure and was owned by Frank Compton of this city. The building was worth about \$1,200, which was covered with insurance.

Dr. Wallace, who owned the stock and fixtures, carried an insurance of \$2,000 on his property and the loss will considerably exceed this amount.

TO REBUILD AT WARRENSBURG.

Senate Appropriated \$265,000 in Few Minutes for New Normal.

The senate committee on appropriations in the state legislature voted to recommend an appropriation of \$4 million dollars for a new building for the normal school at Warrensburg, \$10,000 for laboratory supplies and \$5,000 for the library.

The school has \$68,000 in insurance with which it will erect a smaller training school building.

The house committee on appropriations will pare the senate estimates some it is believed.

WARN AMERICANS TO QUIT MEXICO

MANY RESIDENTS LEAVING, FOLLOWING NEW TUFF.

BELIEVE CARRANZA WILL HEED DEMANDS

Government Prepares to Transport Citizens Back Home—Reply On Way—Officials Are Optimistic.

Special to the Democrat-Forum.

Vera Cruz, March 10.—General Carranza's reply to the note of warning issued to him by the United States government was delivered today to the American consul, John R. Silliman, here this morning, it is said, and will be forwarded to Washington as quickly as possible.

While General Carranza is reported to have resented the note sent to him by the United States, it is said the reply is rather friendly, or at least gives promise that the situation in Mexico will be improved.

By American Press.

Washington, March 10.—General Venustiano Carranza's reply to the American note demanding an improvement in the intolerable conditions for foreigners in the territory under his control is being awaited momentarily today by President Wilson. A feeling of confidence pervaded official and diplomatic circles here, however, today, that such drastic measures as the use of force would not be necessary to settle and the new Mexican troubles.

Battleships On Way.

General Carranza, it is believed, will heed the American demands and correct the situation. Many Americans, however, are leaving Mexico City, following the warning by the United States government to leave that country or remain at their peril. Other Americans are making preparations for an early departure.

The government, through the state department, is arranging for the transportation of the American residents there to this country.

In the meantime the battleship Georgia and the armored cruiser Washington have been ordered by Secretary of Navy Daniels to proceed at once to Vera Cruz.

ITALY TO AID OF ALLIES?

Warships Bound for Dardanelles, Reported—Destroy Turkish Batteries—Two Towns Burn.

By American Press.

Geneva, March 10.—The Tribune here says that it has learned from Vienna that several Italian warships have put to sea, probably bound for the Dardanelles. This is taken as an indication that the Latin country is preparing to take the side of the allies in the war. Others believe the ships may be sent to assist the triple alliance.

By American Press.

Paris, March 10.—The allied fleet has silenced the Turkish batteries on the heights of Renkul. Two villages on the Dardanelles have been burned and the bombardment of more forts that line the Turkish straits continues without abatement.

Gram are talked of for re-election. Roy Martin is being mentioned as a candidate for alderman from the fourth ward.

May Choose Candidates in Mass.
The manner of selecting the candidates will probably be to hold a non-partisan mass meeting a few days before the election, when a candidate for city collector will be nominated. Then the various ward meetings will be held to select their council candidate.

At this election a county superintendent of schools will be selected. There are now two candidates, Prof. Bert Cooper, who was appointed by Governor Major to fill out the unexpired term of Prof. W. M. Oakerson, and John J. Davis. It is likely that others will enter the race. This election will be held on that day throughout Nodaway county.

FIGHTING IN EAST AND WEST INDECISIVE

Battles Continue Without Much Advantage to Either Side.

London, March 10.—In the east and the west fighting between the Germans and the allies continues, but without making the situation much clearer. The Russians claim to have inflicted another defeat on the Germans in the region of Augustowa, in north Poland, a short distance from the East Prussian frontier, which threatens to break the communication between the Germans near the lower Niemen and those before Ossowetz.

In central Poland, the battle which had promised to develop on the Pilica river seems to have died down, owing as Petrograd puts it, to the Russians being too strong for the Germans, who were forced to abandon their offensive and fall back under a Russian counter attack.

Things seemingly have changed only little in the Carpathians, although the Russians, according to their reports, apparently have improved their position on the Hungarian side of the Dukla pass. Petrograd asserts that the Austrians have been defeated near Svidnik, which is on the Ondawa river, a considerable distance inside Hungarian territory. The Austrians, however, are still attacking the Russians south of Bolkograd.

The Vosges mountains, the Champagne district and the Argonne region continue to be the scenes of hard fighting, but apparently neither side has gained any very distinct advantage.

MAY SEIZE ALL FACTORIES

British War Office Given Authority to Take Them Over.

London, March 10.—A drastic amendment to the defense of the realm act, unexpectedly presented to the house of commons by Chancellor of the Exchequer Lloyd George, passed all its stages. The chancellor proposed that the government be empowered to commandeer all factories required for war purposes.

Up to the present firms and factories already producing war materials could be taken under government control. The amending bill of the chancellor extends this power to cover all other concerns which the government may wish to utilize for this purpose.

Mr. Lloyd George laid particular emphasis upon his statement that not only the duration, but the success of the war depended upon the output of munitions.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. A. N. Lindsay of Clinton, secretary of the Federation of Commercial Clubs of Missouri, who is to conduct a publicity campaign for the State Normal school during the coming three months, arrived in Maryville today and was present at the school this morning.

Mr. Lindsay conducted the devotional exercises of the assembly hour, and afterward addressed the faculty and student body. Mr. Lindsay, who has appeared before the Normal students on several previous occasions, was given a hearty cheer when President Richardson announced that he was to be a part of the Normal school for the next few months.

Among the many good things which Mr. Lindsay brought to the students this morning was his definition of true education.

"True education," said Mr. Lindsay, "is to think the thoughts you ought to think, when you ought to think them, whether you want to think them or not."

The speaker went on to say that this rule, followed effectively, resulted in attentive control, and that attentive control was the keynote to efficient living.

In closing, Mr. Lindsay said: "Always keep your mind above the cloud line," which, he went on to explain, meant that people are largely as they think, and that if, by attentive control, a person is able to control his or her thoughts, the most efficient life could be lived.

Mr. Lindsay will remain at the Normal for the remainder of the week in conference with President Richardson, after which he will begin his work in the Normal school district.

SUBMARINES SINK THREE SHIPS

Germans Send Trio of British Merchantmen to Bottom.

NO WARNING GIVEN THE CREWS

Thirty-seven of Tangistan Lost in North Sea, While Blackwood and Princess Victoria Also Victims Off Liverpool and Hastings.

WAR SUMMARY

Desperate fighting is going on between the Germans and the Russians in northern Poland between the Niemen and Vistula rivers and near the town of Augustowa, almost on the East Prussian frontier, with the advantage, according to Petrograd, in favor of the Muscovites. Farther south, on the left bank of the Vistula and in the Carpathians, engagements continue.

The French report that the allies have met with successes in the capture of trenches and the repulse of attacks in the Champagne and Argonne regions.

The bombardment of the Dardanelles fortifications by the allied warships is still going on.

King Constantine has accepted the new Greek cabinet formed by M. Gounaris, which Gounaris will head as premier and minister of war. It has been stated that Gounaris' policy will be neutral.

London, March 10.—German submarines made their presence known at three widely separated points on the British coast and, it is stated officially, without giving warning to their crews, sank three British merchant steamers.

In one case, that of the steamer Tangistan, which was torpedoed off Scarborough, in the North sea, thirty-seven men of the crew of thirty-eight are missing. Only one man from the vessel was picked up, he by a passing ship. The attack which sent the Tangistan to the bottom was made half an hour after midnight.

At 6 o'clock in the morning another submarine sank the steamer Blackwood off Hastings, in the English channel, while a third submarine sank the steamer Princess Victoria off Liverpool at a quarter past 9 o'clock.

The news of the latest exploits of the German submarines came just as the British public was congratulating itself that the threatened German sea blockade had been a failure.

U-16 SINKS FIVE VESSELS

Gottberg Tells of Cruise of German Submarine.

London, March 10.—A dispatch from Amsterdam says:

"German submarine U-16 was responsible for the sinking of five of the allied steamers which have been destroyed since the commencement of the submarine blockade, according to Otto von Gottberg, who gives in a Berlin newspaper an account of the cruise of the U-16.

"Soon after its departure from Kiel, according to Von Gottberg, the U-16 encountered a British cruiser and a torpedo boat destroyer, but the torpedoes which the submarine fired missed them. It next sighted the steamer Laertes, which out-steamed it.

"The submarine's first victim was the British steamer Dulwich, the crew of which it allowed to get away in its boats. The second was the French steamer Ville de Lille and the third the French steamer Dinorah, all of which have been reported in the British official accounts as having been sunk.

"Von Gottberg does not give the names of the other two steamers which he claims Commander Hansen sank, but declares that during the cruise one French steamer was not molested, as it had women and children on board."

Planes Shell Submarines' Base.

London, March 10.—The admiralty issued the following statement:

"Wing Commander Longmore reports that an air attack on Ostend was carried out by six aeroplanes of the naval wing. Of these two had to return, owing to their petrol freezing. The remainder reached Ostend and dropped eleven bombs on the submarine repair base and four bombs on the headquarters of the military. All the machines and pilots returned. It is probable that considerable damage was done."

Zaimis Declines to Form Ministry.

London, March 10.—A dispatch from Athens says that M. Zaimis has declined to form a cabinet to succeed that of M. Venizelos, and that King Constantine will summon M. Gounaris, deputy for Patras, for the task.

Negotiations Opened.

Berlin, March 10.—The Berlin newspapers report that negotiations between Austria-Hungary and Italy have been opened and there are good prospects of an agreement being arrived at.

Russ Take Many Turkish Prisoners.

London, March 10.—Since the beginning of the war with Turkey, says a Petrograd dispatch, the Russians have captured four Turkish pashas, 337 officers and 17,676 soldiers.

MRS. HELEN M. ANGLE.

Woman on Trial on Murder Charge Snapped In Court at Bridgeport.

FOOTPRINTS MAY CONVICT MRS. ANGLE

Impressions of Her Feet Are Placed In Evidence.

Bridgeport, Conn., March 10.—Impressions of both feet of Mrs. Helen M. Angle, taken on July 1, 1914, at police headquarters in Stamford, were put in as evidence by the state, which is trying her for manslaughter in connection with the death of Waldo R. Ballou. It is the intention of the prosecution, according to State's Attorney Cummings, to show that the bloody foot prints found in the lower hallway and Mrs. Angle's rooms on the third floor of the Rippawam building, correspond with the impressions of the defendant's feet and that the bloody footprints were made by Mrs. Angle.

GOULD IS ELIMINATED

Bush Re-elected President of Combined Missouri Pacific System.

St. Louis, March 10.—B. F. Bush of St. Louis was elected chairman of the board of directors of the Missouri Pacific and of the St. Louis, Iron Mountain and Southern railways, and also chairman of the executive committees of both roads.

In these offices he replaces George J. Gould, who was eliminated from official relationship to the Missouri Pacific-Iron Mountain system at the annual meeting of the roads.

Mr. Bush was re-elected president of the combined system. The changes made were considered as definite in making the transfer of the control of the so called Gould system from New York to St. Louis. Two vice presidents in St. Louis in active management of the road were re-elected.

WESTERN RATES LOWER

Boyd Says Freight Charges Are Below Those in Eastern Territory.

Chicago, March 10.—F. B. Boyd, chairman of the western trunk lines committee, testified as a grain expert at the interstate commerce commission hearing, that the forty-one western railroads, which are asking for freight rate increases, are now required to carry grain and grain products between certain western points at rates much lower than the rate prevailing in eastern territory. To equalize the rates Mr. Boyd urged increases asked for by the railroads.

Sell Their Votes For Price of Meal.

Chicago, March 10.—Testimony before the grand jury that votes had been bought in the recent primary for 25 cents to 50 cents and in some cases for a breakfast or a night's lodging, resulted in the indictment of four Democratic workers in the First ward.

TURKS MAY MASSACRE CHRISTIANS AND JEWS

New York, March 10.—Keen apprehension for the fate of Christians and Jews in Turkey and fear that there will be a massacre in Jerusalem should the allied fleet force the Dardanelles who arrived here from Palestine aboard the Carpathian. The five were among the thousands of refugees who fled from Jerusalem and were taken from Jaffa to Alexandria by relief ships.

"There exists in Jerusalem a very strong feeling against Jews," said the spokesman of the missionaries. "If the allied fleet forces the Dardanelles there probably will be a massacre of Christians and Jews at Jerusalem and its neighboring small villages. The clamor for infidel blood will be too strong for the authorities."
